Dedication

We the graduating class of 1960 do gratefully dedicate The Review to our beloved class director, Miss Margaret Gavin. Her endless efforts on our behalf have helped to make our high school years memorable. She has guided all our class activities through our three years and has helped prepare us for graduation. She is not only class director but is also sponsor and advisor for the Student Council and the National Honor Society.

Time Marches On

In this book we will try to set forth the important events of the school year 1959-1960.

Since this will be the climax of three years in senior high school for our graduating Class of 1960 we will start with the day the Juniors got their class rings which in their eyes made them truly Tech High Seniors.

The '59 grads had gone for the day on a class picnic and the Juniors gaily stepped up with their new rings and took the outgoing class' place as the most important people in Tech High.

Pictured from left: Peggy Trotter and Bonnie Roberts look admiringly at each other's rings, while Mr. Bettis proudly presents theirs to a long line of future seniors including Charlotte Wilkinson, Billy Land, Dean Jones, Martha Haynes, and Jacqueline Watkins.

THE RINGS CAME TODAY—

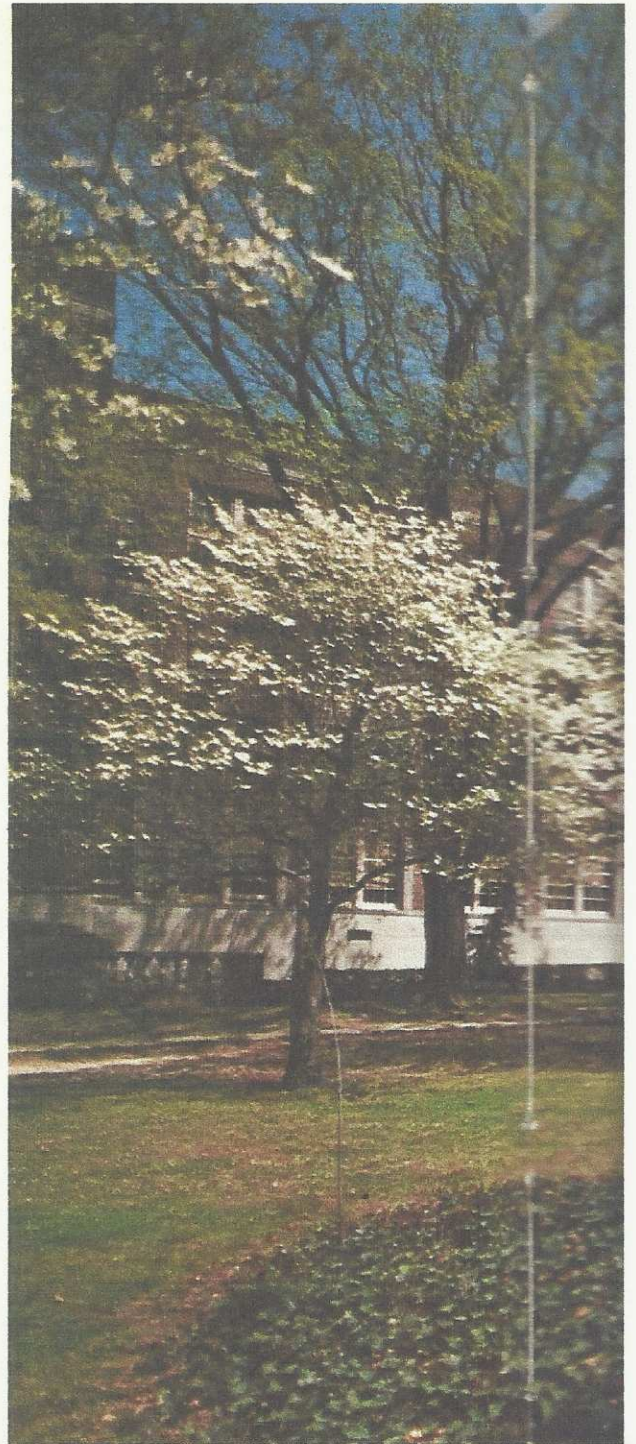

Mr. L. H. Bettis, President of Brodnax, helps out on the first step of making the old Juniors new Seniors.

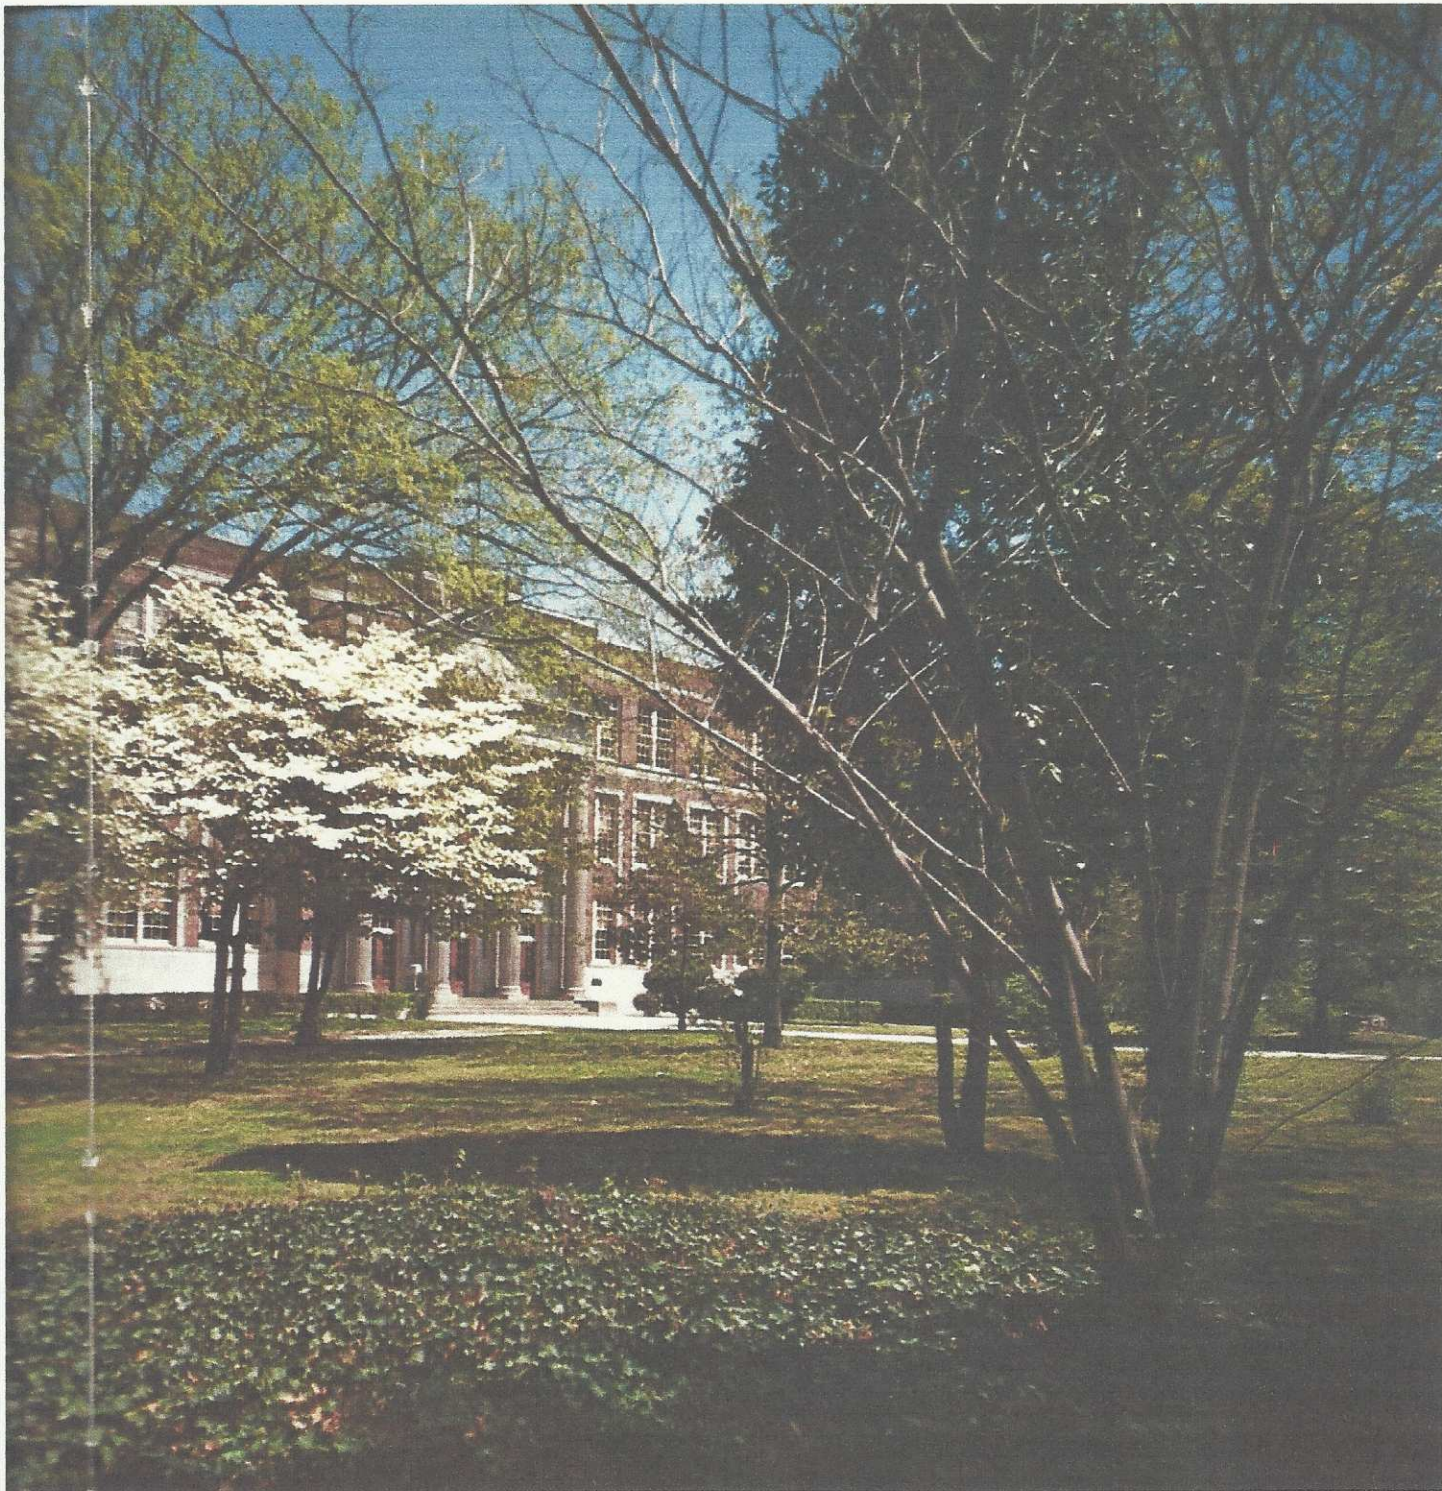

Alma Mater

Someday, when the night shades
Are falling, Someday, when
Our dreams have come true,
Our thoughts will be turning
To school days, and our hearts
Will be yearning,

Alma Mater, for you.

Someday, when life's shadows
Are falling, Someday, through
The swift passing years,
We all will remember thy
Friendship, true and tender
Our love, ole Tech High,
We give to thee.

Classes Choose

Crowning the Sophomore May Queen is the highlight of the Sophomore year.

As the Juniors look back on their first year, this is the event which is remembered best for the beauty of the occasion and the honors won.

Sophomore class director Harry Esslinger crowns the May Queen, Carol Gosset, while Rex Baker, the Queen's escort, and Hank Thomas look on. Alternates Lillian Holland and Joyce Rosenthal also look on.

An Evening to Remember

On May 8, Tech's Junior-Senior Prom was held in the Panorama Room of the King Cotton Hotel.

The couples danced to dreamy music furnished by Art Sutton and his orchestra.

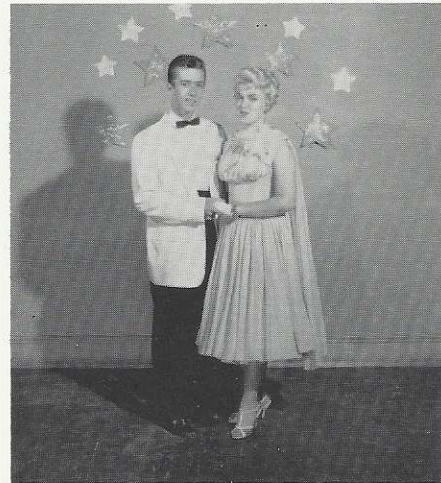

Stars hung on the walls carrying out the theme of "Out of this World."

As a special feature of the evening, the new Senior class officers were announced.

There was a touch of regret as the Seniors realized that this helped mark the end of their school days. The Juniors began to feel just a bit prouder and perhaps more like Seniors—but to all who attended—it was truly an evening to remember.

SENIORS

Time marches on and so do the seniors. All dressed up and practicing for the final march are some of the outstanding members of the Senior Class.

With graduation just around the corner seniors fill their last school year with activity. From the first football game of the year to the last track meet Tech's seniors cram their days and nights with exciting events including proms, picnics, year-books, and of course, classes every day with tests and exams.

Although senior minds are filled with dreams of the future their hearts still ache a little as time comes to bid old Tech High Good-bye!

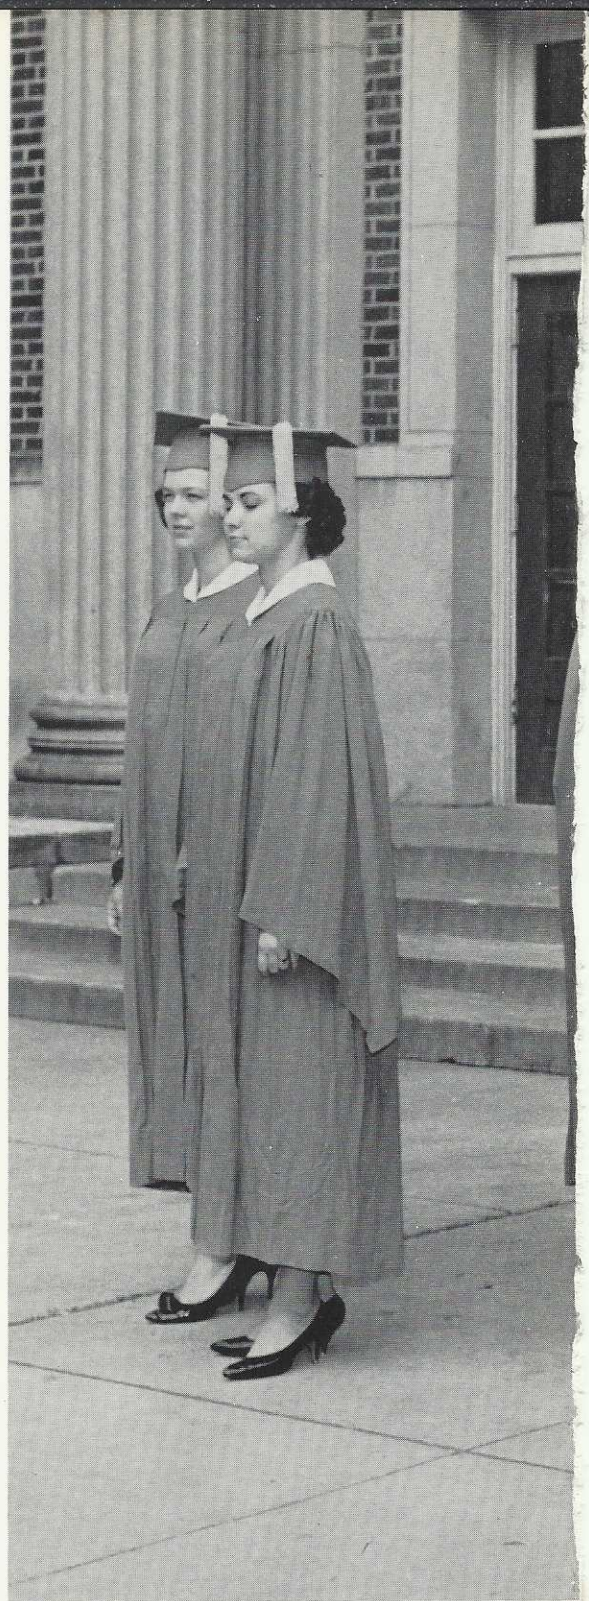

Seniors love their final year,

Cherish every moment dear.

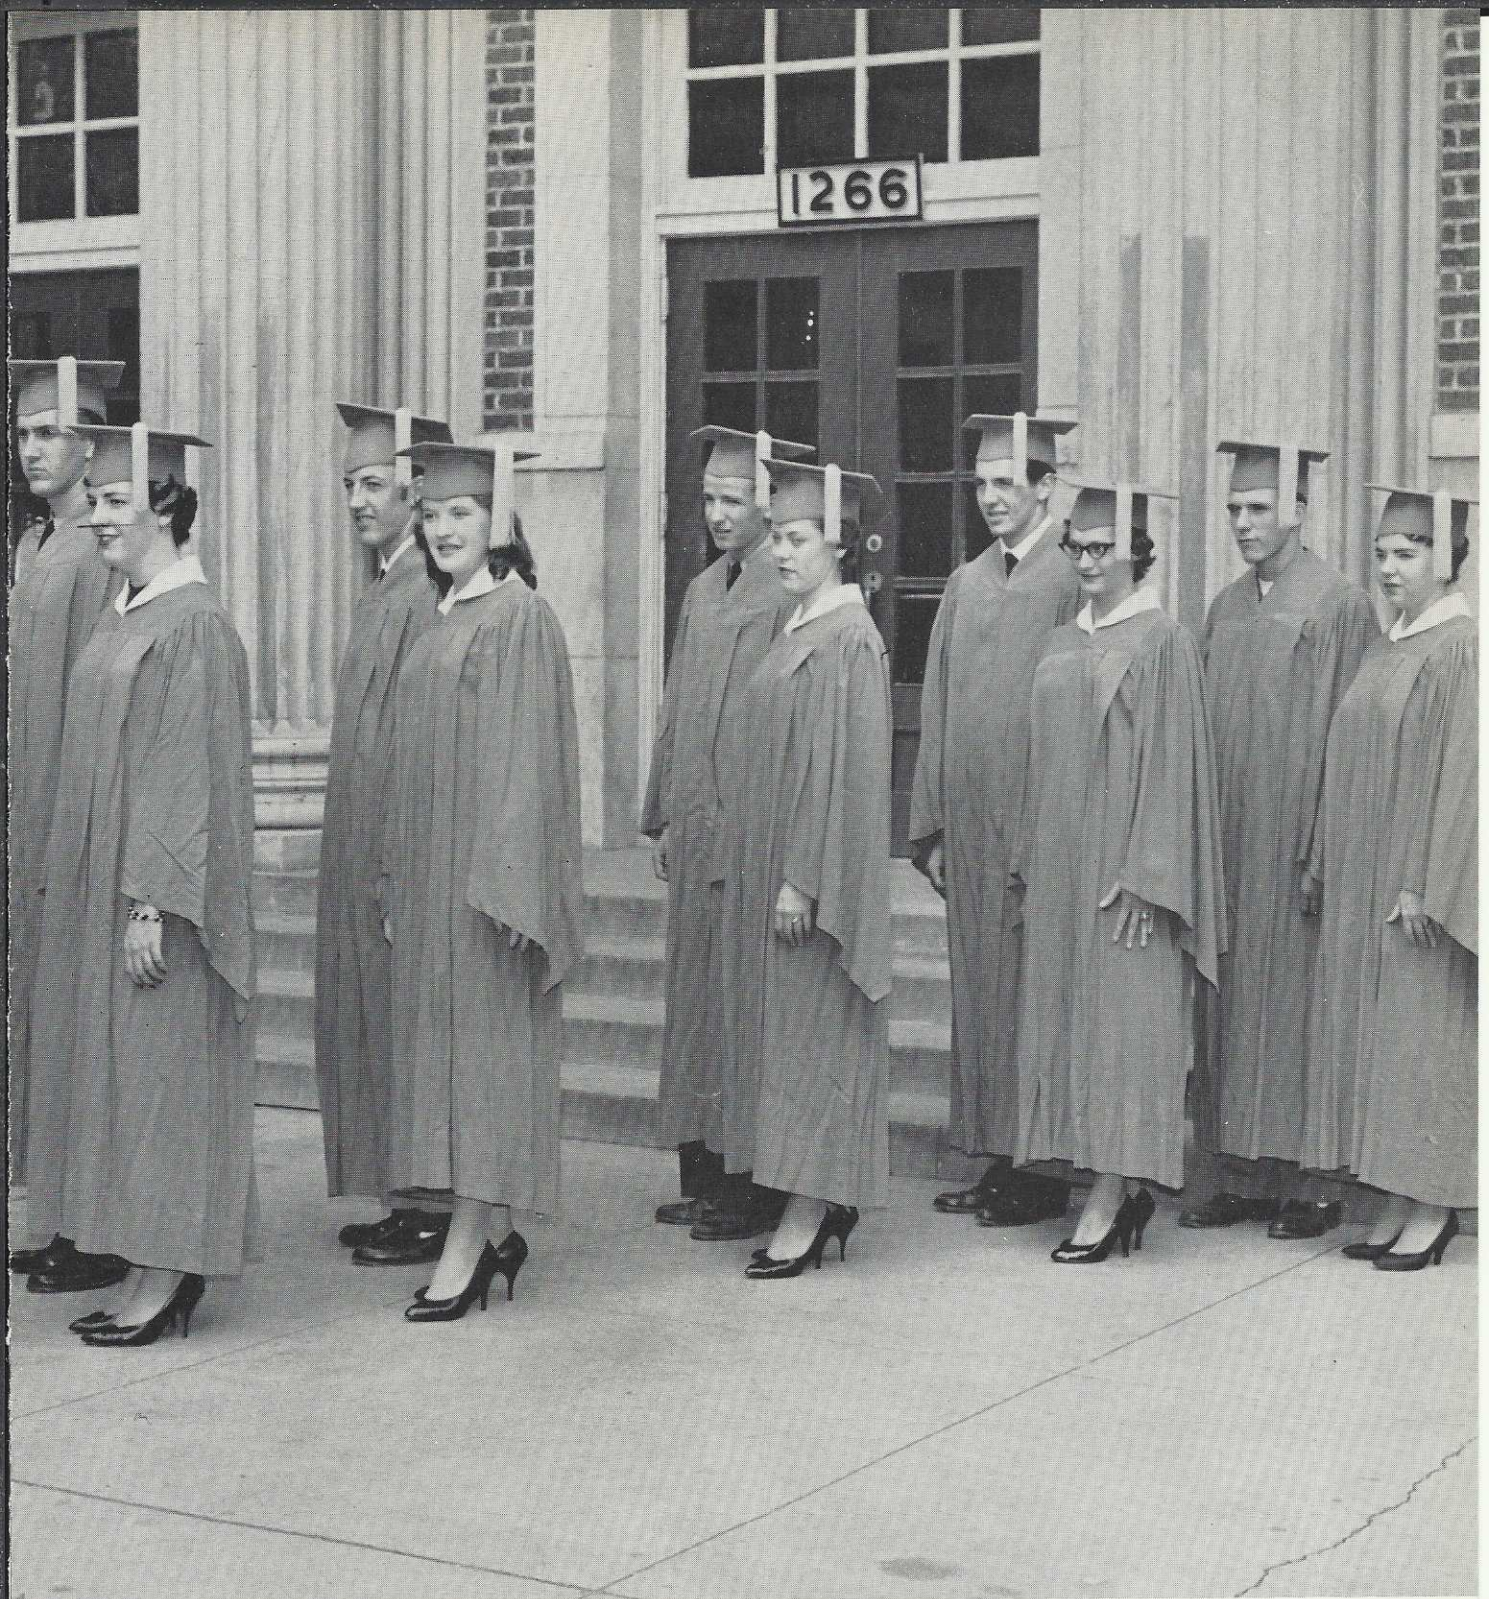

Graduation's here at last,

High school days have quickly passed.
